INTRODUCTION

This template is created to assist writers in preparing their manuscripts to match the characteristics of the Administrative Journal. This template is the form of script most expected by editors.

The content of the introduction reveals the background of the research, related studies that have existed, differences from previous research so as to give rise to the novelty of the research, the purpose of the writing, the expectations to be achieved from the writing, and the scientific benefits of the writing. *Cambria 12. Space 1.15* Quotes using footnotes.

Example.¹. Examples of citations of the same source in sequence. Example.²
Example.³

RESEARCH METHODS

This section summarizes the research methods used . Citations use *footnotes*. *Cambria 12. 1.15 Spacing*

RESULTS AND DISCUSSION

The content of the results and discussion reveals the findings of the research results based on field data obtained by questionnaires, surveys, documents, *interviews*, observations and other data collection techniques that have been analyzed and processed (not raw data) and most importantly contain novelty values. *Cambria 12. 1.15 Spacing*

CONCLUSION

The conclusion section contains a summary of the answer to the writing purpose, possible application or development of the research and suggestions for further research. *Cambria 12. 1.15 Spacing*

BIBLIOGRAPHY

The bibliography is arranged alphabetically based on the last name of the cited author. *Cambria 12. 1.15 Spacing*
