

## English Corner Presents **Attending a Gathering**

As our friendships strengthen we think about going to places together. Leaving our homes to be with others is a concrete expression of community. Today let's use English to learn from each other about attending gatherings.

1. Describe a gathering that you attended that brought you joy.
2. What types of gatherings have you attended in this city?
3. Discuss the following statement:

*When a home is adorned with a meeting that changes strangers into friends it will affect the world. That house of earth will become a house of heaven, and the bricks and stone of that house will become as rays of light.*

4. Are you hesitant to join a gathering where you know few of the other people in attendance? If so, why?
5. Do you prefer small, personal gatherings or large, public gatherings? Why?
6. What types of gatherings are needed to make this city a better place? What types of gatherings would we like to attend?
7. Explore the meaning of the words below, then make sentences with them:  

|            |         |            |           |
|------------|---------|------------|-----------|
| Behold     | Cherish | Facilitate | Restore   |
