

3.3.1 Institution has created an eco-system for innovations, creation and transfer of knowledge supported by dedicated centres for research, entrepreneurship, community orientation, Incubation etc.

KSRMCE has established Center of Research and Innovation (CRI) in the year 2016 to promote research, innovation and start-ups. In addition to this the college has established EDC, Innovation cell, Incubation cell and start up cell for the benefit of our students. The EDC will create awareness among the students on entrepreneurship, the student innovations are been encouraged and the ideas are been incubated for start-ups. The campus provides a dedicated space for establishing start-ups. A well-defined policy has been developed by CRI to promote research, innovation and start-ups at KSRMCE. The selected students are been provided with financial assistance for their start-ups. The academic council has also approved the National Start -Up policy -2019 implementation at KSRMCE. The institute is also offering Entrepreneurship as an elective course to encourage the start -up thoughts among the students. The institute is an active member of IIC of MoE, GoI and recognised by Government of India.

Every year various awareness programs related to start-ups, IPR etc are been organised by the concern cells for benefit of our students and faculty members. MoU's have been signed for joint research activities. The students are encouraged to work with faculties in supporting their research activities. Incentives are provided for publishing papers, books and filing patents. Every year faculty are encouraged to carry their research activities by providing funding. Each department has a dedicated research labs and research centers recognised by JNTUA.
