Article Title :

hereby declare in good faith that:

Commitment to Revision

I declare my willingness and commitment to carry out all necessary revisions and improvements to the submitted manuscript in accordance with the evaluation results and recommendations provided by the editors and/or reviewers of Al-Muhafidz Journal, including both minor and major revisions, within the specified timeframe determined by the journal management.

Compliance with the Editorial Process

I understand and agree to comply with all stages of the manuscript handling process in Al-Muhafidz Journal, including initial screening (desk review), peer review process, revision stages, substantive editing, language editing, layout editing, and the final publication decision.

I fully acknowledge that the final decision regarding acceptance, revision, or rejection of the manuscript lies entirely with the Editor-in-Chief and the Editorial Board of Al-Muhafidz Journal.

Compliance with Publication Ethics

I declare that the submitted manuscript is an original scholarly work, free from plagiarism, is not under consideration or published in any other journal, and has adhered to the principles of research methodology and publication ethics in accordance with the standards set by the Committee on Publication Ethics (COPE).

Sanctions for Violation

In the event that I am found to have violated any of the statements outlined in this document, I am willing to accept the sanctions imposed by the management and publisher of Al-Muhafidz Journal, including but not limited to:

- Termination of the publication process;
- Retraction of the article if it has been published;
- Temporary ban on submitting manuscripts to Al-Muhafidz Journal;
- Notification of ethical misconduct to the author's affiliated institution;
- Other academic or administrative actions in accordance with journal policies and applicable regulations.

Statement of Awareness

This statement is made consciously, truthfully, and without any coercion from any party, as a form of academic responsibility in the scholarly publication process.
