Dalmatian Vacation lyrics

We'll have a dalmatian vacation

A rambling old place with a view

The peace and quiet will identify it as our little dream that's come true

Imagine that rustic location

The station seems truly sublime

And at my vocation

I'll feel inspiration

With no obligation to time

We'll snuggle close in the evening

In the glow of burning logs

And all night long

We"ll hear the song

Of crickets and frogs

And dogs, and dogs, and dogs, and dogs, and dogs, and dogs.

We'll have a dalmatian vacation

Where our population can roam

In this new location our whole aggregation

Will love our vacation home.

Dalmatian vacation, home.

And so we"ll have a dalmatian vacation

Where our population will roam

In this new location our whole aggregation will love our vacation home

Dalmatian vacation home

Now we end with lots of love and laughter

Everyone lives happy ever after

Take a bow and shout it to the rafters.

We hope you had fun a hundred and one dalmatians, dalmatians, dalmatians bark bark bark bark
