ImmerseMe Topic & Category: Buying a Croissant

e-Portfolio Artifacts are digital evidence of progress, experiences, achievements, and goals over time. Artifacts are examples of your work.

Be sure to record your ImmerseMe experience in Zoom.

Answer prompts 1-5 below in English to help you process your language learning progress using the virtual experience of ImmerseMe:

1. Why did/didn't this ImmerseMe category/lesson in particular appeal to you?

This ImmerseMe lesson appeal to me because it is a start to having a conversation about a basic transaction in a store.

2. Which scaffolded learning mode from ImmerseMe was most helpful to you this week (pronunciation, writing/dictation, translation, immersion). What specific aspects of the lesson made it helpful to you?

Though all of the learning modes were helpful to me, the one that mostly helped me would be translation. Translation helped take my french speaking skills into action, though it did help me with understanding what to say in english.

-
3. How did you feel about the experience offered by ImmerseMe? Did the use of visuals, audio, interaction, and the depiction of the space impact your learning in a positive or negative fashion? Please explain.

The environment of the ImmerseMe lesson help my learning experience in a positive way. The visual, audio, and interaction make it really feel as though you are buying a product from a store.

4. What were some of the multicultural learning experiences for you? Consider the authentic location. What did you learn, notice, negotiate, connect with, etc.?

In this ImmerseMe Topic, I did notice that there were people walking around and that it took awhile for the employee to find a croissant, which helps make it feel like you're in real life.

5. How did the ImmerseMe category reflect your strengths and interests this week? What have you done well? What was your biggest challenge when completing this ImmerseMe category ?

This ImmerseMe category reflects my strengths with responding to others with simple french speaking skills and helping learn new things in french speaking countries, like the currency they use. My biggest challenge would have to be to know the right phrase to say when someone responds with a question or statement.
