REVIEW
for an article in a scientific-practical journal
"Agricultural Science and Practice"

Evaluation criteria	Yes	No	Partially
Are the studies covered in the article relevant?			
Does the resume cover the content of the work?			
Does the article contain elements of scientific novelty?			
Does the title of the article correspond to its content?			
Do the conclusions made by the author logically follow from the research results?			
Is the presentation of the presented material in the article clear?			
Are there errors in the tables, figures and formulas?			
Does the author (s) follow modern scientific terminology?			
Is there a reference in the bibliography to works of recent years?			
Are the research methods used sufficient and adequate?			
Are the generally accepted rules for reducing deadlines followed?			

Publish the article, do not publish, publish after revision (emphasis added)

Additional remarks to the peer-reviewed article
