

About us	Zora is a group of individuals working towards a new paradigm for creators by enabling the creation, curation, and collection of cryptomedia. We believe that by enabling a more equitable system for creators and communities, we will fundamentally rediscover the power of the internet. We're working tirelessly to make Zora available to as many creators as possible. Our mission is to build a new creator and community-owned economy.
Why you	Above all else, we care that you want to contribute to Zora's goal of enabling collective creation at internet scale. We want to use your perspective and skillset to create a new paradigm that gives creators and their communities the ability to work towards any shared goal.
Benefits	Zora provides top quality medical, dental, and vision insurance, with a flexible PTO policy for full-time employees, as well as a new Macbook Pro.
Location	Zora is international. Our headquarters are the internet and we have employees all over the world. We're currently in Atlanta, Berlin, Brooklyn, Los Angeles, San Francisco, Sydney, and Moscow.
