

STRAYEDTIGER COMMISSIONS T.O.S. 2023

Grab Bag Commissions Terms of Service

- When ordering a grab bag, you understand these do not follow a specific guideline of my art style, and what you see will not be identical to what you see in the examples.
 - That being said, I will not go **too far out of the box without your permission**.
For example, I will not do a chibi art style unless your character has those types of proportions. A highly toony stylized character may call for that kind of style!
- The purpose of grab bags is to allow me to experiment with various techniques, shading, colours, and other ideas that I may otherwise not get a chance to work with while doing commissions. This allows myself and the commissioner to have fun and receive something unique and one of a kind.
- **I will not do less than the standard/minimum required for each tier** (example: Tier 3 commissions will never be unshaded), but sometimes, I may do more than required for the tier. More, never less.
- I will provide WIPs at the commissioner's request. If you don't request them, I may not send them. So please, ask!

If you have any questions or require more information please let me know via DMs. These act the same as my regular commissions and truth be told may not be entirely different from what I would offer previously, but gives me more freedom to experiment in smaller ways and not feel boxed in and worry about if something is "accurate" enough to my examples.

General Terms of Service

- If for some reason you need a refund on an incomplete commission, PLEASE contact me first. DO NOT file a chargeback to me, you will be blacklisted and I will warn others of your behaviour. I'm totally willing to listen, just please be honest. I cannot give refunds on completed or nearly completed work.
- Your art belongs to you but I retain the rights to the art, and to use it for advertising my commissions and posting it online. You may use your art for any kind of personal use but do not use it for profit.

- **Do not remove, crop, or edit out my signature from the art.**
- If I don't appear to be offering a certain style of commission, feel free to ask! We can discuss it.
- Complicated designs have a 20% fee.
- Characters that also **DO NOT HAVE A PROPER REF SHEET** will also be subject to a 20% fee. To avoid this please have a reference of your character(s) ready, so I can avoid making changes and asking you for clarification.
- Extra characters are x2 the price.
- I can draw anything, which includes: animals, any species, humans, humanoids, robots, etc.
- I do not do NSFW commissions.

However, I **will** draw SFW fetish prompts! Which include, but is not limited to:

- Feet/Paws (No human/oid feet)

- Anything non-consensual
- Violence or harm to a minority
- Generally, anything that is considered morally wrong
- I will not draw something that incites hateful rhetoric.
- I have the right to refuse any commission for any reason.
- If a sketch does NOT match your vision or your character (maybe I missed something), by all means, draw over it to show me! I encourage it. It will make the process faster.
- After the sketch is completed, any changes to the final art that are needed to be made **MUST** pay a fee of 20% (20% of the amount paid). Any filter or colour changes are free, but any edits to the integrity of the art are not.
