

Using the MSB Supported Feature

- 1) Log into the Michigan Data Hub (launchpad.midatahub.org) and select **MiStrategyBank** from the Michigan Launch Pad

- 2) You will arrive at the MSB home page or Dashboard.
- 3) To view available strategies, select **Supported**

- 4) This will open the **Lookup** tool. You will select the location you want to view.

Select entity

Current Selection: Please select a location Confirm selection

Entity Search

- or -

Select an Entire ISD Search ISD...

or Select an Entire District Search District...

or Select a School Search Building...

- 5) First you will select your ISD from the left hand column. You can continue to narrow the users access by selecting a district or building before clicking confirm selection. You will select the location that is supporting strategies and click **confirm selection**.

Select entity

Current Selection: Manistee Area Public Schools (51070) Confirm selection

Entity Search

- or -

Select an Entire ISD Search ISD...

or Select an Entire District Search District...

or Select a School Search Building...

Manistee ISD

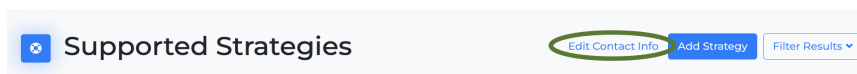

Manistee Area Public Schools

James Madison Elementary School

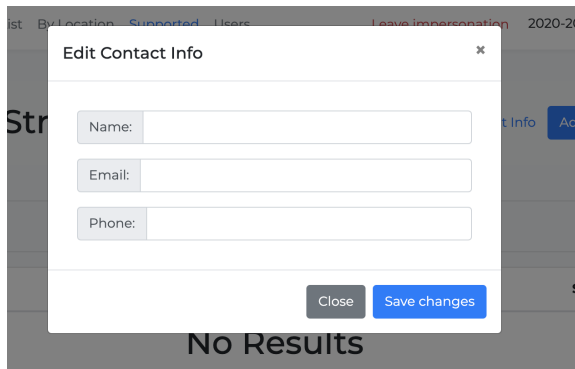

John F. Kennedy Elem. School

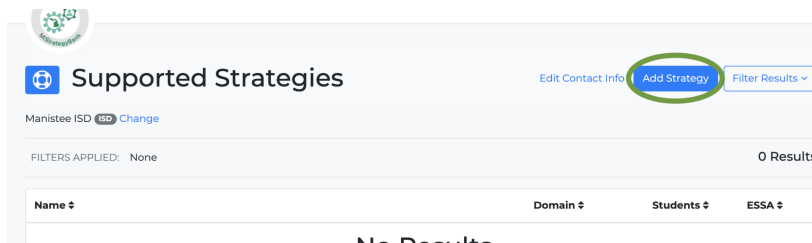

- 6) Once you have confirmed your location, you will get a new option to **Edit Contact Info**

- 7) Selecting **Edit Contact Info** will open a popup window to provide a Name, Email and Phone contact for the ISD, district, or building selected.

- 8) You can add supported strategies by selecting **Add Strategy**

You will search by the strategy title, select the appropriate radio button and **Confirm** selection:

Name	Action
☐ "Building Thinking Classrooms in Mathematics" - Professional Learning and Application	View
☐ #GoOpen Michigan Toolkit	View
☐ 1st Grade Pals	View
☐ 21 Things 4 Students	View

- 9) Your supported strategies are now listed on the supported strategy page and can be viewed by district users within your ISD:

Name	Domain	Students	ESSA
Math Recovery Implementation Support: Dimensions of Mathematizing	Math	0	L4
Math Recovery Professional Learning / Fractions	Math	0	L2

All MiStrategyBank users will see which organizations support strategies in the strategy information page

Top 10 Goals: Expand early childhood learning opportunities Increase the percentage of all students who graduate f

Languages: English **Ages:** **Genders:** Female

Authors: **Publishers:**

Supported: Clinton County RESA **Shiawassee Regional ESD** **Wexford-Missaukee ISD**
