Privacy Policy:

Effective Date: 7/18/2026
App Name: Rythmize
Developer: Jon Truman
Contact: rhythmizeapp@gmail.com

This Privacy Policy explains how Rythmize ("the App," "we," "us," or "our") handles information when you use our metronome, rhythm analyzer, and pattern generator application. We have designed the App to respect your privacy. **All processing happens locally on your device. We do not operate servers that collect, store, or receive your data.**

1. Summary
• We do **not** collect, transmit, or store your personal data on any server.
• All audio, rhythm analysis, and pattern generation is processed **entirely on your device**.
• We do **not** record, save, or transmit audio captured by your microphone.
• We do **not** use advertising services or ad-tracking SDKs.
• We use **RevenueCat** to manage in-app subscriptions; the app stores (Apple/Google) process all payments.
• We do **not** sell your data to anyone.
2. Microphone Access
The App requests access to your device's microphone for **one purpose only: to analyze rhythm**
and tempo in real time as part of the rhythm analysis feature.
• Audio captured by the microphone is processed **live, on your device**.
• Audio is **never recorded, saved, stored, or transmitted** to us or any third party.
• The microphone is **not** used for any purpose other than rhythm analysis.
• You can revoke microphone permission at any time in your device settings, though the rhythm analysis feature will not function without it.
3. Speaker and Audio Output
The App plays metronome sounds and related audio through your device's speaker or connected
audio output. This is a standard playback function and does not involve any collection of data.
4. Bluetooth
The App uses Bluetooth **solely to transmit audio** to connected Bluetooth audio devices (such as
headphones or speakers). Bluetooth is **not** used to collect, track, scan for, or share any personal
information, location data, or device identifiers beyond what is necessary to route audio output.**5. In-App Subscriptions (RevenueCat)**
The App offers optional paid subscriptions. To manage these, we use **RevenueCat, Inc.**, a third-party subscription management service.
• Actual payment transactions are handled by the **Apple App Store** or **Google Play Store**, not by us. We never see or store your payment card details.

• RevenueCat processes limited information needed to manage your subscription, such as a randomized app user identifier, purchase and transaction records, and subscription status. RevenueCat may also process certain device and usage information to provide its service.
• We use this information only to verify your subscription status and provide the features you paid for.
• For details on how RevenueCat handles data, see RevenueCat's privacy policy at: https://www.revenuecat.com/privacy/
• For details on how the app stores handle your purchase data, see Apple's and Google's respective privacy policies.

6. Information We Do NOT Collect

To be explicit, we do **not** collect or process any of the following:
• Audio recordings
• Your name, email address, or contact information (unless you choose to email us for support)
• Location data
• Advertising identifiers
• Analytics or behavioral tracking data
• Contacts, photos, or other device content

7. Analytics and Advertising

The App does **not** include third-party advertising networks and does **not** display ads. We do not use behavioral advertising or ad-tracking technologies.

8. Children's Privacy

The App does not knowingly collect personal information from anyone, including children. Because all processing is on-device and we operate no servers that receive data, the App does not gather data from children under the age of 13 (or the equivalent minimum age in your jurisdiction). If you believe a child has provided us personal information through support correspondence, contact us at rhythmizeapp@gmail.com and we will delete it.

9. Your Rights (GDPR, CCPA, and Other Laws) Depending on where you live, you may have rights regarding your personal data, such as the right to access, correct, delete, or restrict its use. Because we do not collect or store your personal data on any server, we hold no personal data to access or delete on our end.
For data associated with your subscription or purchase, please contact the relevant party:
• **Subscription data:** RevenueCat (see their privacy policy) and the Apple App Store or Google Play Store.
• **Payment data:** Apple or Google, depending on where you purchased.
If you have any questions about your rights, contact us at rhythmizeapp@gmail.com.

10. Data Security

Because your data stays on your device and is not transmitted to us, it remains under the protection of your device's own security measures. We recommend keeping your device's operating system up to date and using its built-in security features.

11. Changes to This Policy

We may update this Privacy Policy from time to time. When we do, we will revise the “Effective Date” at the top of this page and, where appropriate, provide notice within the App or on the app store listing. Continued use of the App after changes take effect constitutes acceptance of the updated policy.

12. Contact Us

If you have questions or concerns about this Privacy Policy or the App, contact us at:
