

### Sales Script:

Good day/Good evening, How are you?, This is Aleksa Petrovic, and I'm interested in whether this is the boss on the line? I deal with internet marketing, the reason I am calling is because I saw that your website is not using the full potential of internet marketing and I would like to help it/you to get more customers/clients using internet marketing. Okay, could you pass that on to him? Thank you very much, have a nice day
