

Grand Lake State of Mind

(c) Allen Krehbiel

Rocky mountain majesty
Beauty far as I can see
God's creation never seems
To end
Heading to a special place
Where life moves at a richer pace
How I long to feel that way
again

Chorus:

**To find that Grand Lake state of mind
Dropping all my stresses
Filling up my senses
The Grand Lake state of mind
Lost in peaceful beauty
Feel it singing to me
I hope I can always make the time
For this Grand Lake state of mind**

Nothing takes my breath away
Like stately peaks mirrored on that lake
As a stunning sunset slips away
To night
The moon climbs up the other side
Stars light up the mountain sky
The cool breeze seems to tell me I'm
All right

(Chorus)

Something 'bout this rustic town
New found friends all gathered 'round
I take in all the sights and sounds
And smile
There's no other place I know
Where the summer sun and the winter snow
Make me want to soak my soul
A while

(Chorus)

This old log cabin feels like home
Boardwalk stroll with an ice cream cone
Wildflowers paint God's own
display
Families making up lost time

Bull elk bugles through the pines
Calling to this heart of mine
To stay

(Chorus)

Cause I've found what I always longed to find
A Grand Lake State of Mind
