In Debtors Anonymous, vision may be thought of as the ability to form a clear and specific picture of what we want to do in life, what we want to obtain, create, achieve or accomplish. Discovering one's vision can come about in many ways.

First, we must stop debting - as debting distracts us from self-knowledge and connecting to our Higher Power.

Second, we must seek to know God's will for us - by using prayer and meditation and working the Twelve Steps.

Third, we must use the tools of D.A. to help clarify and support our vision.
