I'm a mother of two daughters, one is five years old, while the other is seven. While I run a parenting media and community, [Parentalk](#), picking up kids from school, taking them to playdates, and participating in lots of other activities sometimes make me feel that they're busier than me!

Q. Can you share your child/children's likes with us?

The eldest is full of heart, very emotional and empathetic. She likes gymnastics and hip hop dancing at the moment. While the youngest is hilarious, fearless and very easy going. She enjoys tennis, reading and a bit of everything.

Q. What is your favourite family-friendly title on Netflix?

At the moment is [The Inbestigators](#). And All time favorite is [Yes Day](#).

Q. How important is it for you to be able to spend quality time with your kids as much as possible?

Extremely important. Although we each have different activities ourselves, we always make time for a movie night and take turns to pick a movie and snacks.
