

Name: _____

Period: _____

INQUIRY PROPOSAL FORM

- 1) *Provide the working title for your research project:*
- 2) *Describe the issue and your curiosity with the topic. What led you to this topic?*
- 3) *Research question (with associated project goals if applicable). Include revised question, if needed.*
 - a. *What variables are you measuring?*
 - b. *What is the scope of your project (Who? How large?)*
 - c. *What is the value of your project? (Why is it significant? Why will researchers in your field or others care?)*
 - d. *Is your research feasible? (What resources are available to you? Who are you consulting with or planning on consulting with? How can your consultant help you?)*
- 4) *Describe your purpose and your role for working on this project.*
- 5) *What is the gap you are addressing in your field? How has this gap influenced the formation of your project?*
- 6) *What data or information will you have to collect to answer the research question/address the project goal?*
- 7) *What is your chosen or developed research method / process to collect and analyze the above data/information?*
- 8) *What equipment or resources are needed to collect data or information?*
- 9) *What are some anticipated challenges to implementing the chosen research method (to collect and analyze data or to pursuing research methods appropriate to a paper that supports a performance/exhibit/product)?*

10) What biases do you have toward your research topic? How will you monitor these biases during your research process?

11) What approvals do you need and from where (IRB, etc.)?

12) Teacher's Feedback.

13) Teacher's Approval (signature): _____
