

# AI & COVID-19

## Information and Impact Package

### OVERVIEW

On the weekend of February 27-28, 2021, students attended a workshop guided by our instructors with a focus on artificial intelligence (AI) and its applications in COVID-19. Students learned how AI is helping fight COVID-19, how misinformation hurts the spread of a virus, and what responses to misinformation are.

### DATE AND TIME

February 27-28, 2021, at 1:00 pm PST.

### QUESTIONS

Email us at [illuminaiteacademy@gmail.com](mailto:illuminaiteacademy@gmail.com).
