Sphero Battle Bots

Enter the arena to battle with your very own remote controlled robot.

Schedule

- Monday, Tuesday and Wednesday build your robot and practice driving/fighting
- Thursday and Friday Battlebots tournament

Build Rules:

- Compete as an individual
- Must use cup provided as base
- All materials must be school safe and comply with any and all school rules
- Robot must be able to move with battle shell on
- All attachments and build-ons must be attached on upper half of cup
- At least one side of cup can have nothing attached so that balloon can be attached

Battle Rules:

- All bots will start within the arena in separate corners
- On the “start” the goal is to pop the opponents balloon
- Your robot is out if the following happens:
    - Robot is hit by another robot and tips over or balloon is popped
    - Robot cannot move or drive
    - Robot runs into side of arena and tips over
    - If the battle shell comes off at any time
- Competition will be a double elimination tournament with a champion for each class with a grand champion
