Finance Committee – One Pager

Misson Statment

We work to support the financial wellness of the undergraduate student body through active advocacy, to equitably use Senate's budget to benefit the student populace, as well as ensuring the Student Activities Fee is used properly to improve the undergraduate student experience.

Current Goals

- *Understanding and improving the impact Senate funds have on the student body*
- *Improving the special allocations process*
- *Givng a voice to undergraduates via the Funding Approval Board for JFC Capatial and Supplemental Funding*
- *Gaining feedback from students on the tiered funding process*
- *Improving financial literacy across campus*

Planned Initiatives

- **Coffee Chats**: Introducing coffee chats where members of the finance committee have the ability to talk to their constituents about senate finance or the student activities fee in general
- **Student Goverment Finance Feedback**: A feedback loop of tabiling and advocacy, where we gather student feedback through tabiling or other means to understand concerns and take action if needed
- **Understanding Senates Financial Impact**: Having discussions on how we can improve the impact our budget has on the student experience
- **Financial Literacy Semaniar**: Hosting an event featuring members of the campus community who are experienced with financial planning and advising to give undergraduate students an introductory lesson on financial literacy and to connect the to resources they can use to further their knowledge afterwards
- **Fundaing Approval Board:** Discussing proposals brought to JFC's Funding Approval Board (which will include myself and two undetermined senators)

Past Successes

● Managed Senate's $280,000+ budget

● Restructured ourselves in accordance with the university's new tiered funding system

Due to last year's bylaw updates, Finance cannot be a primary committee assignment.

⚑ Secondary Committee Expectations: Discuss upcoming events, special allocations, and other internal financial matters and help plan initiatives
