CLUB Z SPRING 2026 NEWSLETTER

Hello Members and Golfers, the spring CLUB Z News Letter has arrived. Its 2026 and all of us, I'm certain, have been looking forward to better weather. Of course too, the anticipation of this spring edition!!! HaHa

Understand CLUB Z management started developing the spring edition the first week of February. As you can see below conditions were not actually playable at that time. The snow and cold has stifled any early course improvements.

That doesn't mean things haven't been happening in the maintenance shop. Tee Boxes and Hole Monuments continue to be developed. The goal is to create the best experience possible for our members and guests.

Also the crappy weather has permitted significant time to research and plan other future improvements. During this research time the following video was discovered. Check it out at

https://www.youtube.com/watch?v=p8ueZqxqq_g

Club Z is seriously contemplating this adventure to build something similar. One large green that will be shared by surrounding Tee boxes. Using regular golf balls as you have seen in the video. Both courses will remain. The Whiffle Ball course along with this new option. Of course this will take a significant amount of time to develop and is not expected any time soon, but is under consideration. This will take equipment to complete. Not sure if it will ever happen but it's an intriguing thought.

We do think the CLUB Z Tee Box Monuments are much better than those in the video. Just saying!

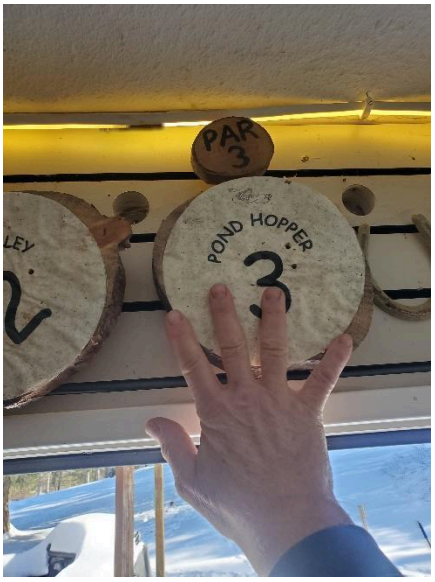

The Tee Monuments from the 2025 inaugural event have been retired to the maintenance shop.

Daily, as the grounds crew head out onto the course from the locker room, they are seen reaching for these monuments for strength and inspiration. Preparing for the battle ahead of them. It's a very emotional scene and creates team unity as they take to the field. (All of this in Bob's mind)

Hopefully our members and guests will get to experience this amazing life changing phenomenon!! This is similar to many collegiate teams as they take to the football field. Much like the Fighting Irish of Notre Dame.

As mentioned in the Christmas Newsletter open golf days are being planned. These will most likely be on Sunday's. There will be no commitments required. The course will open at 8:00am and remain open till dark. Members and guests can come and play at their leisure throughout the day and play as many rounds as they wish. Everyone is welcome including children if desired.

More info will be shared whenever these open golf dates are confirmed. Also know that we are always here and if you want to come out and practice for the 2026 Invitational just drop Bob a note.

The 2026 Invitational is tentatively scheduled for Saturday August 1, 2026. It was determined that this date should be somewhat neutral for everyone, save the date, plan a trip, whatever it takes to

maximize turnout. There will be more to come….this day will be much more than golf….it's an event that will likely go into the late evening so it's not to be missed!!!! Club Z is also open to any RV's, campers, tents, etc. that may want to stay on property over the tournament weekend. Understanding, that other than the Portable Toilets, there are no other services available. You must be self-sustaining.

We have gotten through Valentine's Day, Fat Tuesday, Ash Wednesday and the beginning of the Lenten season. Zoomed just past St. Patrick's Day and heading for Easter.

The work on the course has been moving forward. We got our first Chip Drop which can be seen below. Chip Drop is a national company that pairs Arborist with home owners. As these Arborist cut down trees much of the wood is chipped on location. Arborist have to dump this material and much of the time they have to pay to do so. By subscribing to Chip Drop the Arborist can locate a homeowner in the area they are working who has requested a drop. This is huge for the Arborist and the homeowner alike. You never know what type of wood you will get. Club Z got nice pile of Oak that now has to be relocated around the course and garden. Ugghhhh. Anyone interested can check out chip drop at www.getchipdrop.com

This is one of many drops anticipated this season. It's free or you can pay $20.00. See the web site for details. Share a pile with neighbors. You have to take the entire truck load.

With all the prior nonsense now complete place AUGUST 1st on your calendar and look for coming information concerning open golf weekends coming soon.

We are hoping too to get out another video relative to the new course layout and continued nonsense. That is if the Club Z News Network crew is willing. Wink Wink!!

We are looking forward to this summer's activities at Club Z and most importantly

looking forward to spending time with all of you reading this.

Bob and Cathy hopes everyone has a wonderful Easter and spring!!!

Watch for updates and the coming 2026 Second Annual Club Z Golf Invitational.

Club Z make no warranties that any of this crap is reliable or grammar correct. Much of this may have been written with a few drinks. Get over it!! All nonsense and all rights are reserved 2026
