Colorization

Select and Color

Find a photo of a zebra using a Google image search:

1. Launch Adobe PhotoShop
2. Open the picture
3. Image>Mode>RGB
4. Use one of the selection tools to make a selection of one of the zebra stripes
5. Image>Adjustments>Hue/Saturation
6. Checkmark Colorize in the bottom right
7. Slide the Hue, Saturation, and Lightness arrows to mix a color you like
8. Click OK
9. Select>Deselect
10. Using one of the selection tools, make another selection of one of the zebra stripes
11. Repeat steps 6-10 with another stripe of the zebra

Lasso Tools

Magic Wand & Quick Selection Tool
https://www.youtube.com/watch?v=s4BeVbYcHDY&ab_channel=SimonSezIT

Tools you will use:

- ❏ Lasso
- ❏ Polygonal Lasso
- ❏ Magnetic Lasso
- ❏ Magic Wand
- ❏ Quick Selection Tool

You will save the image as a photoshop file and jpeg file when you finish. Then, you will upload the .jpg file to the **"Google Classroom".**
*Remember to upload the .jpg file, not the .psd file.
