Finding Out More About Our School Curriculum

At Netherbrook Primary School, we believe that our curriculum is the heart of the learning experience, designed to inspire, challenge, and nurture every child to achieve their full potential. We are committed to ensuring parents and carers have easy access to information about what their children are learning.

Here are the key ways you can find out more about our school curriculum:

1. The School Website

Our main source of comprehensive curriculum information is available here on the school website - information includes:

- **Dedicated Curriculum Pages:** Look for the **Curriculum** section. Here you will find detailed overviews for the entire school, broken down by **Key Stage (EYFS, KS1 & KS2)** and individual **Subject Areas** (e.g. Maths, English, Science, History).
- **Curriculum Maps/Long-Term Plans/Road Maps:** These documents provide a clear breakdown of what topics and skills are taught in each year group, term-by-term.
- **Subject Intention Statements:** You can find information that explain the intent, implementation, and impact of specific core subjects.

2. Year Group/Class Information

For information specific to your child's learning, we provide:

- **Termly Topic Overviews/Newsletters:** At the start of each term, your child's class teacher sends home a newsletter or detailed sheet. This highlights the specific topics, key texts, and learning objectives across all subjects for that term.
- **Class Pages (on Class Dojo):** Year groups provide regular updates on their current learning.
- **Parent Consultation Evenings:** These regular meetings are an excellent opportunity to discuss your child's progress, the content they are currently covering, and how you can support their learning at home directly with the class teacher.

3. Contacting School Staff

We encourage you to contact the school if you have specific questions that the website does not answer:

- **Your Child’s Class Teacher:** For day-to-day questions about homework, specific lessons, or current topics.
- **The Subject Leader:** For in-depth queries about a particular subject (e.g. the English Lead or Science Lead).
- **The Headteacher/Deputy Headteacher:** For questions regarding the overall curriculum structure, vision, or policy.

To arrange a discussion, please contact the school office by phone at **01384 818415** or by email at **info@netherbrook.dudley.sch.uk**
