

Dear Mountview Road School Families,

Mountview Road School has been using two online subscriptions to reinforce literacy and mathematics in the classrooms. These programs contain an online library of materials to reinforce reading fluency, comprehension skills and a variety of mathematical skills.

We are happy to inform you that your child will have the ability to log into his/her Raz and IXL accounts over the summer. All you need is a computer or device with an Internet connection.

You will be utilizing Clever to gain access to Raz Plus and IXL. There are two ways.

1. You may use the Clever extension or app on your computer or tablet. You will find an instruction sheet on the district website under the Community Resources→Resources for Parents→Digital Learning. (If using an iPad, you may need to download the Raz Plus app from [here](#), and the IXL app from [here](#).)
2. You can also go to Clever.com, select Log In as a Student, type the name of the school (Mountview Road School), and then sign in.

Students in grades K-2 will use their Clever badge used throughout the year.

Students in grade 3-5 will sign in using their Google credentials.

Raz Plus - Grades K-3

Your child has access to over 400 eBooks and is encouraged to continue reading where he/she has left off during the school year. With every successfully completed eQuiz, your child will earn coins to use at the Star Zone. In the Star Zone, your child can create a robot and a Raz rocket with the coins he/she earns.

IXL - Grades K-5

Your child has access to a variety of math equations tailored to their grade level to reinforce skills independently. They are awarded points and ribbons when answering questions correctly. Once 100 points are collected for a certain skill, they are awarded a stamp in their virtual book. Once multiple skills are mastered, they can earn virtual prizes.

****Please note, there may be some disruption of service in mid August as we begin to roll over our content for the next school year.****

We hope you take advantage of this great opportunity.

If you have any questions, please feel free to contact me.

Have a wonderful summer.

Michele Pratola
