

# Robot Basics

- **Description:** Learn about the basic components of an FTC and FRC robot.
- **Objectives:**
  - Learn robotics terminology.
  - Be able to identify types of drive trains and their advantages/disadvantages.
- **Resources:**
  - [Robot Basics](#)
- **Tasks:**
  - Attend the Robot Basics presentation
  - Send coach Haidle 2 multiple choice questions about the robot basics presentation via a Ping on Basecamp. (If you send me a duplicate, I have the right to request 2 new ones - so try to be reasonably unique!)
- **Benefit:** Required to attend a competition.
