### ROUND 6- THE END OF THE ESTABLISHMENT PHASE

REVIEWING YOUR PROGRESS..... ask yourself.....

1. What progress have you made in working towards match fitness?
2. Have you addressed any feedback from coaches and observers?
3. Are you in tune...checking website regularly for Trend Info and tips from coach sessions?
4. Have you applied a strong commitment to your training?
5. Have you checked your goals for the season, identified your improvement needs?
6. Are you joining in, enjoying umpiring with your peers and contributing to the gameday team?

*It's really important now for you, (given the terrific commitment you have made to yourself and our Association) to keep tabs on your progress, be open to improvements and ENJOY your umpiring. Your efforts so far in the season have helped create the buzz and excitement we all share in umpiring footy together.*

May 17 starts Round 7 (WDFNL & HFNL Inter/league)

Rounds 7-12 is the CONSOLIDATION PHASE of our season.

Next "Chat" will outline your key considerations and focus points for the next 6 rounds.

Thanks to everyone (all age groups and all disciplines) for the efforts you have made thus far. Stay committed, support your coaches and the Association in our service to local footy and the camaraderie we have together.
