Attendees

- Danny (IQSS)
- Raman (IQSS)
- Pete (HMS)
- Sherry Lake (UVA)
- Courtney Mumma (TDL)

Notes

- Dataverse Community Meeting
 - <http://projects.iq.harvard.edu/dcm2017>
- Questions from the Community
 - EZID Clean up for destroyed items
 - This will be handled when we bring Handles support back, but in the meantime it's done manually
 - Danny checked in with Dataverse Development Team after the call for details about the current process. We currently go to the EZID admin console and delete these manually.
