

Winter Weather UPDATE

Hello Falcon Families,

As we prepare for the winter season, we want to ensure all students are safe and comfortable during outdoor recess. Below are our winter weather expectations regarding appropriate clothing and items needed. These policies apply to all K–8 students. If your family needs assistance providing any of the required items, please reach out—we are here to help.

Temperatures 33–40 degrees:

Students must wear a **long-sleeve layer** that fully covers their arms. Sweatshirts, long-sleeve shirts, light jackets, or similar clothing are all acceptable.

(Short sleeves are not permitted at this temperature.)

32 degrees or below:

Students must wear a **winter jacket**.

(Sweatshirts, long sleeves, or T-shirts alone are not considered appropriate gear.)

Playing in the snow (sledding, field, playground, etc.):

Students must wear **all required snow gear**:

- Winter jacket
- Snow pants
- Hat
- Gloves or mittens
- Winter boots

Students who do not have all the necessary snow gear will need to remain on the blacktop during recess when snow is present.

To make winter routines easier, we recommend sending snow gear to school on **Mondays** and bringing it home on **Fridays** for washing.

If you have any questions, please don't hesitate to contact us. Thank you for your cooperation and support in keeping our students warm, safe, and ready for winter fun!
