Item #1	Description	Quantity
	Miller 250 amp stick welders, capable of DC and AC current output. These welders are mounted on carts with wheels and have a work clamp and electrode holder included. Please include the number shown in the picture with your bid (or each bid), because they all have slightly different work clamps or electrical hookup cords. This will help identify which specific machine you are wanting. These machines have been in storage for approximately 2 yrs, but were used in class prior to that. Sold as-is condition.	3

	Description	Quantity
Item #2  	Polaris 330 Magnum, 4 wheel drive. Limited information known on this unit, but it had a blown engine and was donated as a past shop repair project. Students had the engine running, but it also had a substantial oil leak. Many good parts on this machine yet.	1

Item #3	Description	Quantity
  	D120 lawn mower with bad engine. Limited information on this unit, but assume this is a parts machine or in need of an engine swap, not rebuild. Many good parts on this such as seat, deck, hood, etc.	1

Item #4	Description	Quantity
	Kalamazoo Model 610-D (with operators manual). The electrical motor and gearbox are good, so the bandsaw runs as it should. It needs the blade replaced and the cylinder to control down-pressure isn't working properly. It could be repairable or just need oil added? Sold as is condition.	1
Item #5	Description	Quantity
	Heavy Duty - 3 phase 7" bench grinder. No markings for brand or model.	1
Item #6	Description	Quantity
	Print America! America! Terry Redlin	1

Item #7	Description	Quantity
	The Eleventh @ Augusta Larry Dyke	1

Item #8	Description	Quantity
	2001 Chevy Suburban Mileage 236,110 aprox. The 2001 suburban passed state inspection 9/24/20 but now needs transmission work. Sold as is.	1

Item #9

1989 Chevy Truck
Mileage 110,000 aprox.
The pick up runs and drives
o-k and is still in use.
Sold as is.
