Requirement Analysis: https://www.w3.org/WAI/EO/wiki/WAI_Curricula/List_of_Courses

1. **Introduction**
This is a Dragonfly Review survey for the WAI List of Accessibility Courses: Education and training.
What you're reviewing is an in-progress draft.
Review the specific section(s) &/or answer specific question(s).
Usually, we want to focus only on these specifics, and not review the rest of the draft. Often we will have several of these reviews where EOWG focuses on different sections or issues.
Please comment in the below boxes or open a GitHub issue on
https://github.com/w3c/wai-course-list/issues

2. **Review level**
What level of review did you do?
   ● I thoroughly reviewed the materials.
   ● I skimmed them.
   ● I need more time and will review by the date provided below.
   ● I didn't get to it and will not in the near future. I abstain from providing comment.

3. **Types of offers**
Please, focus on the "About the offer" section on the form to submit a new offer.
Currently, offers are categorized as:
   ● Graduate program
   ● Undergraduate program
   ● Training program
   ● Professional certification
   ● Other
Considering that:
   ● Do you think these items are clear?
   ● What do you think is missing?
   ● What do you think should not be there?

4. **WAI Curricula**
Please, focus on the "About the offer" section on the form to submit a new offer.
Considering the attribute WAI Curricula modules, there is a link to the WAI Curricula page.
   ● Do you think this link is enough to provide additional information about this attribute?

5. **Format**
Please, focus on the About the offer section on the form to submit a new offer [link]
Currently, offers can be provided through three different formats:
   ● Online

- Face-to-face
- Hybrid

Considering that, do you think additional information about the general attribute or some of these items is needed? If so, which ones and what information should be provided?

6. Learning

Please, focus on the "About the offer" section on the form to submit a new offer.
Currently, offers can be provided through four different types of learning:
- Guided
- Non-guided
- Synchronous
- Asynchronous

Considering that, do you think additional information about the general attribute or some of these items is needed? If so, which ones and what information should be provided?

7. Accessibility resources

Please, focus on the "About the offer" section on the form to submit a new offer.
Considering the options provided in the Accessibility resources attribute:
- What do you think is missing?
- What do you think should not be there?

8. Duration

Please, focus on the "About the offer" section on the form to submit a new offer.
Considering the attribute Duration, two fields are needed. The first for the value and the second for the unity (for example 3 weeks, 2 months, etc.).
- Do you think this is clear enough? If not, do you have any suggestions to better present the field for this attribute?

9. Content update date

Please, focus on the "About the offer" section on the form to submit a new offer.
Considering the Content update date attribute:
- Do you think the additional information provided is clear enough? If not, what information should be provided?

10. List of courses - Intro paragraph

Please, focus on the introductory paragraph on the list of courses
[https://deploy-preview-4--wai-course-list.netlify.app/list-of-courses/]
- Do you think this text is enough to provide additional information about this resource?
- What do you think is missing?
- What do you think should not be there?

11. Additional comments

Use the space below to include any additional observations or concerns you would like to see addressed at this stage.
