

Privacy Policy - Footnote AI Extension

Last Updated: __12/01/2026__

Footnote AI (“Footnote AI”, “we”, “our”, or “us”) is committed to protecting your privacy. This Privacy Policy explains how we collect, use, store, and protect information when you use the Footnote AI browser extension (“Extension”).

By using Footnote AI, you agree to the practices described in this policy.

1. Information We Collect

a. User-Provided Content

We may process uploaded documents (PDFs, reports, images), user queries and prompts, notes and reports created within the extension, and configuration settings such as role, tone, audience, and context.

We do not use your content for training AI models.

b. Automatically Collected Information

We may collect limited technical information such as browser type, extension version, and error logs for performance and reliability improvements.

c. Web Search Content

When grounding search is used, publicly available web content may be retrieved only to provide source-backed responses. Browsing history outside the extension is not tracked.

2. How We Use Your Information

We use information to generate grounded AI responses, provide citation and highlighting features, apply configuration settings, improve product performance, and diagnose technical issues.

We do not sell or rent user data.

3. Data Storage and Retention

Data is stored only as long as necessary to support your session or project. Users can delete documents, notes, and configurations at any time.

4. Data Sharing and Third-Party Services

Third-party AI or search services may process minimal data strictly to fulfill user requests. Data is not used for training or advertising.

5. Security Measures

We implement industry-standard security practices to protect your information.

6. User Controls

Users can upload, remove, and manage documents, notes, configurations, and export reports at any time.

7. No Sensitive Personal Data

Footnote AI is not intended for processing sensitive personal data. Users should avoid uploading such information.

8. Children's Privacy

Footnote AI is not intended for users under 13 years of age.

9. Policy Updates

This Privacy Policy may be updated periodically. Continued use indicates acceptance of changes.

10. Contact Information
