---

5. Mission

To organize coordinated strikes and shutdowns that challenge systems of exploitation and amplify collective power through solidarity, visibility, and decentralized cooperation.

---

6. Purpose

To build a unified yet decentralized movement that empowers all people to withdraw consent from unjust systems.

The Strike Coalition exists to support and synchronize local, regional, and national strike efforts — from workers' actions— forming a network that sustains pressure and uplifts shared purpose.

Strike coalition is a decentralized network focused on uniting strike efforts. Our mission is to empower people to withdraw from unjust systems, support each other's actions, and build a future of solidarity and equality. In short,

It's all about collective empowerment, and making sure everyone has a voice.

---

7. Vision

A future where communities act together across boundaries of geography, class, and identity to create an equitable society that values and freedom.

A decentralized ecosystem of movements, each autonomous but aligned in principles — working in parallel, supporting one another, and making exploitation unsustainable.

---

8. Values

- Decentralization
- Solidarity
- Human Dignity
- Mutual Support
- Transparency
- Empowerment

- Nonviolent Resistance
- Cooperation

---

9. Principles

- Empower every participant to speak and act autonomously.
- Practice patient, reasoned dialogue across differences.
- Treat all participants with respect — “no garbage treatment.”
- Build communal effort and connection.
- Prioritize unity of purpose over uniformity of tactics.
- Encourage open, transparent organizing — every meeting, every person has a voice.

---

10. Impact

- Organizing coordinated economic shutdowns (“Mass Blackouts”)
- Supporting and amplifying ongoing strike actions (e.g., Starbucks, logistics, tech, education).
- Developing infrastructure for decentralized communication and coalition governance.
- Inspiring everyday people to join through boycotts, local organizing, and visible community solidarity.

---

11. Evolution

This is the **initial entry** of the Strike Coalition identity.
It emerged from a live multi-person coordination session establishing shared mission, values, and structure.

Future versions will incorporate additional partner organizations, tactical agreements, and visual identity elements.
