

YOUR SILENCE IS DEAFENING!

Dear Elected Official,

This incompetent administration is hurting your constituency.

It began with the mishandled withdrawal from Afghanistan :

- 100s of American Citizens left behind to die.
- 80 billion in American military equipment abandoned and our enemy armed.
- Millions of American dollars left behind
- America's reputation is tattered.

AND YOU WERE SILENT!

The oil pipeline was shut down without bi-partisan vote or proper planning:

- Ending America's oil independence
- Making America dependent on hostile countries that charge greatly inflated prices.
- Gas prices tripled, putting many shippers out of business, crippling our supply chains.
- Creating empty shelves in our grocery shelves and more.

Your constituents are struggling to get by!

AND YOU ARE SILENT!

Defunding the police

- Supporting this soft-on-crime attitude and allowing criminals to walk away freely.

Your constituents are living in fear.

AND YOU ARE SILENT!

The Open Border Policy has caused:

- An invasion of illegal Immigrants
- Causing unsafe conditions for Americans
- A financial burden on the border states and our country as a whole
- Overwhelmed border patrol agents are unable to vet the influx properly
- Resulting in terrorists invading our borders.

Whatever Happened to National Security?

- It also allows a major influx of Fentanyl killing thousands of Americans.

This Administration is Liable!

- It seems this administration wants to placate our enemy China, with lower Tariffs and control of American minerals and farm lands.

Sounds like treason...

AND YOU ARE STILL SILENT.

Parental Rights are blatantly violated:

- By the Liberal teacher's unions, who want to indoctrinate our children with a wokeness and transgender curriculum.
- But when parents adamantly protested, this administration weaponized the FBI to intimidate them, labeling them "domestic terrorists".

WHERE WERE YOU?... SILENT!

During the presidential impeachment, with no substantial evidence, and a wasted two years, this congress persisted in moving forward, creating rabbit trails that led nowhere and wasted taxpayer money.

STILL YOU WERE SILENT!

- This administration's careless spending of Trillions of dollars.
- Tossing the American Economy into a whirlwind of Inflation
- Reducing the manufacturer of military equipment and substantially weakening our military. while
- Arming IRS agents against our citizens.

THE LIST GOES ON... AND YOU ARE STILL SILENT!

This is a compromised administration with a president and family who have their connections to our enemy China. - But **NO** investigation is requested by this Democratic Congress.

AND YOU STILL STAND SILENT!

Turn from your unconstitutional and un-American policies and

RESTORE OUR REPUBLIC!
