

BURLINGTON
SCHOOL DISTRICT

Statement on LGBTQ+ Advocacy

We at the Burlington School District stand committed to transforming BSD into a national model for holistic wellness for LGBTQ+ people, youth and adults. We stand in solidarity with LGBTQ+ students, staff and community members and believe that schools can truly be safe only when every student is assured access to an education without fear in a safe and supportive environment. We stand behind our educators who seek to teach an inclusive curriculum that features LGBTQ+ people, history and events and to raise awareness to counter discrimination, stereotypes, bias and harassment.
