

Welcome To Chili-Cult Hell! 💧💠

I'm Amy, AKA Just_Kokomi, the chaotic leader of the Chili Cult. Just here to fill you in on this cult. First of all, why a chili cult? That's because Chili (Childe x Zhongli) is by far one of the most popular BL ships in the entire community. Here, we accept Childe top, Bottom Zhongli. This little club isn't approved by the Mods nor Adepti, let alone Morax. So this cult is where we just talk about chili (usually just in #jukebox-chat) and show our love for the ship by showing amazing gifs either made by yours truly or searched up from the gif section, nonetheless, I hope you enjoy your time here, comrade!
