

Facilities Guidelines Approved at Meeting for Business

5/19/2013

These Guidelines were submitted for approval:

Adelphi Friends Meeting—

- A. Has decided to improve its present facilities rather than move elsewhere;
- B. Approves the “Final Design Criteria” on page 41 of the Charrette report presented to Adelphi business meeting in December 2012, which lists:

Accessible spaces for worship and social gatherings with a way to easily move from one to the other.

Accessible restrooms

A larger social space and more functional kitchen

A worship space with an adjacent space that can be used for special events but not necessarily every Sunday

Six classrooms of varying sizes with access to the playground for the younger children and a place apart (but not too far apart) for the Young Friends

Better site circulation and use of outdoor space

- C. Adopts the following, additional Project Guidelines:

Project Guideline 1: *Construction is to be planned to minimize disruption of our community worship and social life;*

Project Guideline 2: *Public areas at Adelphi Meeting are to be wheelchair accessible;*

Project Guideline 3: *“Green” practices shall guide property improvements, balancing the cost of capital investment and projected energy usage.*
