

Kenton Swim School – Summer/Fall 2026

Instructor

Christi - Lead Instructor/Owner

I grew up wishing I was a dolphin! I've been swimming recreationally my whole life and was on the swim team in high school and the club team in college. My formal swim instructor training is through Portland Parks and I'm an instructor for PP&R and teach private lessons in my own pool. I was an elementary school teacher and currently run the children's grief support program for Providence Hospice.

In 2026, another lead instructor may be added to the summer roster so that more lessons can be made available. Additionally, one or more assistant instructors may be onboarded to support group lessons, which will allow more swimmers to participate.

Facility

The pool is located in our backyard in North Portland (Kenton neighborhood) and is accessed through the gate in the tall fence to the left of the house. There is an outdoor shower and a private bathroom/changing room.

The property is fully secured and access to the pool is limited to participants. The gate locks automatically and should remain closed *at all times*. **You will be provided with the exact address and a 4-digit gate code to open the gate when your enrollment is confirmed.**

Lesson Overview

Lessons are 25 minutes in length. Participants should arrive 5 minutes before the start of their lesson.

Swimmers are enrolled in group and semi-private lessons based on their abilities/skills. Please see the end of this document for a description of the levels, the prerequisites for each level, and skills that will be taught at each level.

Private lessons are \$60/swimmer per 25-minute lesson and are one swimmer & one instructor (1:1)

- Swimmers can enroll in as many private lessons as they would like during the session. Scheduled availability for private lessons is limited, however, there is often flexibility to schedule private lessons outside the normal days/times that lessons are offered.

Semi-private lessons are \$40/swimmer per 25-minute lesson and are two swimmers & one instructor (2:1)

- Normally, semi-private lessons are scheduled when there are two swimmers at the same level that want to enroll together. These may be siblings or may be swimmers from different families that are at the same level. Semi-private lessons are scheduled like private lessons with some flexibility to schedule outside normal lesson times.

Group lessons are \$30/swimmer per 25-minute lesson. Group lessons are three swimmers & one instructor (3:1)**

- Group lessons are weekly for the session (ex: Tuesdays at 4:30pm for 3 weeks). Swimmers can enroll in lessons on multiple days if desired.
 - ***In 2026, group lessons may be open to as many as 5 swimmers. Group lessons with 4 or 5 swimmers will have an additional instructor making the ratios 2:1 or 5:2.*

Weeklong Intensives are \$120/swimmer (20% discount) for five days in a row of group lessons (Monday-Friday).

- Levels for the weeklong intensives are TBD but will likely be Goldfish, Penguin and/or Otter levels, depending on interest.
