The person who sent me it is someone ive never heard of or met before but their user was 'jprspereira'

I have nothing against them or their offer! I rarely ever trade items and like i said in the thread I didnt even know i had the new UR cake lol But i also was confident the offer was extremely unfair but posted in the thread anyway just in case!

The first trade was sent by Sashtato
And the second was sent by jprspereira
