

# Power Hour - #7

**JC:** Hello everyone, I'm Joey Carlton and this is EIWF's Power Hour!

**JC:** First off let me go through some changes at the EIWF due to the Coronavirus. As you may have already heard, the current world tour of the EIWF has been suspended and the athletes have returned home to the states. Everyone of our superstars has been tested to ensure they have got the all clear before participating in any matches. Also we will continue to Power Hour Show from Soundstage 21 here in Orlando but behind closed doors, there will be no fans in attendance and I will be calling the matches from the control centre of the EIWF watching the show back on VT.

Tonight we will recap the last Evolution show and have a statement from the head of talent, the man in charge of the day to day running...Revolution. Tonight's matches we have Big Poppa vs Rex Watkins, Regal vs Lance Arcter making his debut and our main event is Johnny Blitz versus Jeff Jarrett. But before we see the first match on the show let's take you back to the ending of Evolution.....

*(footage cuts to Evolution show #6 with Jerry the Bull and Jim Hicks)*

**JTB:** I think he's contemplating whether to get back in the ring or not.....remember he can't lose the title on a count out.

**JH:** True but it's not a way a champion should

act.....6.....7.....Jimmy Brandon beckoning L double E to get back into the ring.....the Anti Hero is just standing there with his hands on his hips looking back at Jimmy Brandon.....8.....L double E throws his hands away at the direction of Jimmy Brandon and turns his back and start to walk towards the ramp.....9.....still walking up the ramp.....10!!!!.....its all over!

**JTB:** I guess in the end....he didn't want it.....the FTE champion walks out of here but still champion.

*(Don't stop believin plays as the fans cheer and the Ref holds the arm of Jimmy Brandon in the air)*

**JH:** A win for Jimmy Brandon but I'm sure it will feel a hollow victory.....

**JTB:** It sure will.....

*(The scene cuts backstage to the Prez, Davie J and Revolution in a room watching the monitor)*

**Prez:** What the fuck....WHAT THE FUCK IS THIS??

**Rev:** Damn it, we were hoping he wouldn't do that.

**Prez:** You mean you had an idea he would walk out?

**DJ:** Not exactly, he said he was unhappy.

**Prez:** Gentlemen.....can I remind you I handed over the EIWF to you over a year ago.....I took a step back and you did a fairly good job. But what have you got planned for the future? How are you going to improve ratings?

**Rev:** I could wrestle Hogan, finally end his reign here in the EIWF!

**Prez:** I heard him earlier, he's not interested in you, anyway you're not cleared to wrestle....PLUS....the fans don't want to see two old men going at it twenty years past their prime!

**DJ:** We need to create a buzz around the EIWF, we need to have a title belt that catches the fans attention....at the moment most of the champions are hardly seen!

**Prez:**...Go on....

**DJ:** I was the most active champion and now Hogan has the belt. We need a tournament for a title. I say lets vacate the Genesis title and hold a tournament for a new champion.

**Rev:** Woah woah woah...you cant strip Ellis of the title.

**DJ:** Look he's never here, we don't hear from him, he defends it around the world against unknowns. If he's good enough he can enter the tournament to win back the title he was "wrongly stripped of"...

**Prez:** Hmmmm....but you have a vendetta against him, that could be seen as why you're doing this?

**DJ:** I'm not denying I don't like the guy. But if he thinks he's so good then he should be going for the Legends title. Look, it's good for business, strip him of the title for non fulfillment of appearances, if he wants he can try and win it back or move on up to the Legends title. If you want ratings....this is the way!!

**Rev:** I don't like this....we can't just strip him of the title....we could say the same about L double E

**Prez:** That's true but L double E has a possible unification match with Hogan....thats money!.....OK....do it!.....but this is on your shoulders Davie!

*(The Prez leaves the room)*

**Rev:** I'm not sure about this but I trust you to do the right thing for the EIWF. We need to prove Hogan wrong, can't believe he said the EIWF is on life support!

*(Revolution leaves the room, Davie J turns to the camera)*

**DJ:** Davie J.....still the longest ever EIWF champion.....

*(picture fades with Davie J grinning as the show ends)*

*(Footage cuts back to Joey Carlton)*

**JC:** So it's official, the EIWF committee have collectively agreed to strip Ellis Black of the Genesis title. Personally I think this is a bad move, it also seems that one of the members was very happy about the decision! What I can tell you is that later in the show we have a pre recorded segment where Revolution will discuss the topic further. But next up is our first match of the night. Rex Watkins is already in the ring.....

*(Sirens are heard followed by Superstar, Big Poppa walks out.....kisses his bulging bicep and walks towards the ring)*

**JC:** This seems so odd to have a match without any fans! Rex Watkins, he's a powerhouse for sure....perhaps as big as Big Poppa!

### **Big Poppa vs Rex Watkins**

The two men are in the ring and the Ref calls for the bell.....Rex runs and hits Big Poppa with a forearm to the chest.....no effect though.....Rex hits Big Poppa with a hard right.....but there is no reaction from Big Poppa.....Rex hits Big Poppa with a chop to the chest.....still no effect....Big Poppa kicks Rex to the gut and follows with a knee lift to the face!.....Rex stumbles back....Big Poppa grabs him from behind...Tiger Suplex!!....Big Poppa gets up and starts to do press ups next to Rex who is still down....

**JC:** Look at the arrogance of Big Poppa here!!

Big Poppa pulls Rex up....slingshots him into the corner and follows in with a clothesline.....Big Poppa grabs Rex....belly to belly suplex!.....Big Poppa gets up and walks around the ring.....telling Rex to get back up.....Rex slowly gets to his knees....Big Poppa hits him with a double axe handle sending Rex back down to the mat.....Big poppa continues to pound on his back.....Big Poppa stands up.....kisses his bicep and then drops an elbow on the back of Rex.....he rolls him over and covers for a pin....

.....1

.....2

.....Big Poppa lifts the head of Rex to break the count!

**JC:** What is he doing? I'm sure he had the match won....and now he's complaining to the Ref it was a slow count!

Big Poppa sends Rex into the ropes.....he comes back.....clothesline by Big Poppa.....Rex on the mat and Big Poppa stands over him shaking his head.....Big Poppa pulls Rex up.....lifts him up....above his head.....into a Gorilla press and slams him down.

**JC:** What a show of strength there from the CREW's Big Poppa!! Now I know this show is behind close doors.....but there appears to be someone watching in one of the seats....perhaps it's a ring worker or one of the camera crew.....anyway....

Big Poppa flexes his muscles in the ring.....he walks over and stomps on Rex....he keeps stomping on him and Rex rolls across the ring and under the bottom rope to the outside....Big Poppa walks over and over the ropes to the outside.....the Ref begins to count them both.....

.....1

.....2

**Big Poppa walks over and he stomps on Rex when a box of popcorn is thrown over Big Poppa from the person watching and they boo Big Poppa...**

**JC:** What just happened? Wait a minute.....that's Cort Jester! He's not scheduled to be here at Power Hour and what is his beef with Big Poppa??

**Big Poppa looks down at the popcorn as Cort boo's him.....Cort laughs in the face of Big Poppa.....Big Poppa swings with a right but Cort ducks out the way.....Big Poppa looks irate and starts to mouth abuse at Cort.....Cort has a big smile on his face and points.....Big Poppa turns around and is clotheslined by Rex Watkins!**

.....3

.....4

.....5

**Rex grabs Big Poppa and rolls him in under the bottom rope and slides in after.....Rex pulls Big Poppa into the middle of the ring on his back.....Rex goes off the ropes.....big splash.....but Big Poppa lifts his knees up!!!!.....Rex rolls around on the matt holding his stomach.....Big Poppa gets up.....he stands over Rex.....turns him on his front.....POPPA RECLINER!!!! POPPA RECLINER!!!! POPPA RECLINER!!!!.....the Ref checks.....Rex is submitting and calls for the bell!!! Big Poppa drops the hold, quickly leaves the ring and runs to the back....**

**JC:** A win there for Big Poppa but it seems he's off to look for Cort Jester who we saw in the match taunting Big Poppa and could have easily cost Big Poppa the match. Big Poppa proved too strong though for his opponent from Fight 2 Survive.

*(Scene cuts backstage and shows the Prez walking down a corridor, he stops and enters a room where Revolution is pacing up and down.)*

**Prez:** Hey how's it going?

**Rev:** What are you doing here?

**Prez:** I thought I would drop by.....with some of the recent decisions being made it's better I'm here just in case some of the talent want to speak to me. But don't worry, I'm not here to interfere....your still running the show.

**Rev:** Am I?

**Prez:** Of course.

**Rev:** It doesn't feel like it sometimes.

**Prez:** What do you mean?

**Rev:** Should we have stripped Ellis Black of the Genesis title?

**Prez:** No.

**Rev:** No?...NO???? Then why the hell did we?

**Prez:** We shouldn't have stripped him of the title but Davie was right, Ellis gave us no choice. He's a young guy, came through the EIWF training program....he should be here more often. Now I know you were his mentor and I think this is why it's not sitting comfortably with you.....but Ellis still has his winning streak and the title is there if he wants to go for it again.....or.....he steps up.

**Rev:** Main event scene.....the Legends title?

**Prez:** Exactly. You still seem like you have other things on your mind?

**Rev:** Hogan.....I challenged him and I've not heard anything. He's meant to be our Legends champion for god sake. Then where is Suicide....the guys from F2S.....Wishmaster....

**Prez:** Who?

**Rev:** Wishmaster!

**Prez:** Oh....

**Rev:** I need to make this next PPV work....Hogan said the EIWF was dying with me in charge....he said the fed is on life support....I've got to make this work.....

**Prez:** Look relax....don't let Hogan get to you. How about a side project....take your mind off things.

**Rev:** I can't just stop running the EIWF.

**Prez:** No you don't have too, look you have Davie helping you....let him take some of the work and you distract yourself with something slightly different.

**Rev:** What you got in mind?

**Prez:** An ICW reunion show!!!

**Rev:** ICW??? The enemy of the EIWF? The one fed the EIWF hated to its core?? That ICW??

**Prez:** We won the war! The EIWF is still here, we hold the rights to our competitors shows. We have all of them, ICW, IWA, EWA, EWF....there all in the EIWF Network section. We can do whatever we want with their names, logos etc. We can even rewrite history! *(Prez laughs)*

**Rev:** Hmmmmm.....

**Prez:** Plus you were one of the ICW's biggest stars!!! You were it's last ever world champion....a title belt you never lost may I add!! We have Davie too, he's a former ICW world champion. I know you two can't have a match due to your injury but you can run the reunion show.....have a think about it.....get in touch with it's old stars....Slash, Chris Rosso, Sadistic Tyler Deboard, Martin Weeks and so on...

**Rev:** OK thanks....I will think about it.

**Prez:** As much as it was the enemy, the ICW was a very good fed....and the Prez was a smart man, you don't have to like your enemy....but you should respect them.

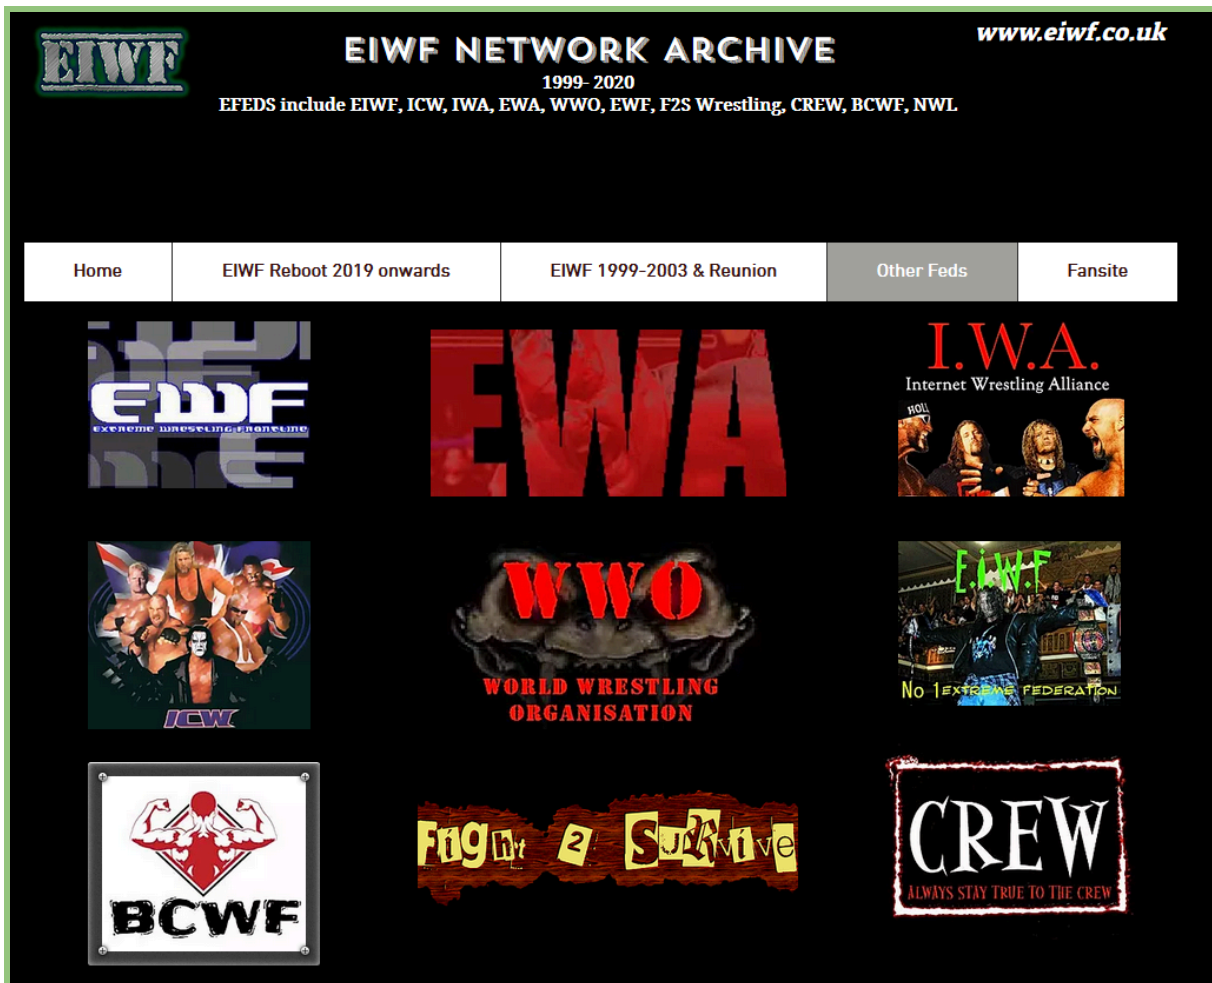

*(Scene cuts back to Joey Carlton)*

**JC:** Do my ears deceive me? Good GOD! The EIWF is going to do an ICW reunion show? I don't believe it. The one fed that beat the EIWF in the TV ratings, the one fed that rivaled its dominance twenty years ago?? I will see it when I believe it!

*(The camera cuts backstage and a car pulls up.....Ellis Black gets out wearing a Undeclared, Undisputed.....Undeniable! T-shirt and slings the Genesis title belt over his shoulder and walks into the building. The camera cuts back to Joey Carlton.)*

**JC:** Oh no....this can't be anything but bad news for management! A champion stripped of his title.....look at the anger on the face of Ellis Black.....I wouldn't want to be in their shoes.....OK it's time for a quick commercial!

**JC:** Welcome back fans, Lance Arcter is already in the ring as we await the arrival of Regal

*(Land of Hope and Glory plays as Regal walks out, he stops and waves to the empty arena and slowly walks to the ring with one arm behind his back)*

**JC:** What on earth does he think he looks like and who is he waving too? The way he walks, like his you know what doesn't smell. Makes me sick! Despite him being up himself shall we say, his in ring work must be respected!

### **Regal vs Lance Arcter**

Lance is waiting in his corner and Regal pulls on the ropes, testing the tension. The Ref calls for the bell.....both men approach the middle and they lock up.....European uppercut by Regal....and another.....Lance is stunned!.....Regal whips Lance into the corner....Lance bounces out and Regal hits a forearm club and Lance goes down hard! Regal walks over....pulls Lance up....grabs him.....Arm-trapped overhead suplex by Regal!

**JC:** Oh my God! When was the last time you saw that move? Like never!

Lance is down on the mat.....Regal goes off the ropes and hits a somersault senton! Regal grabs Lance and applies a headlock with both men on the mat.....the Ref checks the move is legal and to see if Lanc submits.

**JC:** That's experience right there fans.....wearing his opponent down and getting a breather for himself. Entertaining to watch? No....but a smart technical wrestler yes!

The Ref continues to check the hold.....Lance reaches for the ropes.....Regal drops the hold and gets up.....he drops an elbow on Lance.....Regal grabs Lance and throws him to the outside.....Regal climbs to the outside.....the Ref tells them to bring it back in the ring and begins to count....

.....1

.....2

**Regal pulls Lance to his feet.....uranage slam by Regal onto the ropes.....Lance bounces back onto the outside floor.....**

.....3

.....4

**Regal Pulls Lance up and hits a European uppercut.....he grabs Lance and throws him head first onto the ring apron and then back under the bottom rope....**

.....5

**Regal rolls under the bottom rope.....Lance is on his feet....he throws some punches at Regal but misses as he staggers on his feet.....Regal kicks Lance to the gut....hooks up.....butterfly suplex by Regal.....Regal covers for the pin.....the Ref counts.....**

.....1

.....2

.....kick out by Lance!

**JC:** I thought it was all over, this match has been one way traffic!

**Regal pulls Lance up....grabs him.....hooks up....REGAL CUTTER!!!!.....Lance is down.....Regal grabs him.....REGAL STRETCH!!!!!!.....REGAL STRETCH!!!!!!.....the Ref checks.....Lance is tapping!....The Ref calls for the bell!!!**

**JC:** Well there's good news and bad news for Lance.....the good news is he's been given a real wrestling lesson.....the bad news is he's going to be in a lot of pain for the next few days!

*(The scene cuts backstage with the Prez in an office, suddenly the door burst open and Ellis Black walks in...the Prez looks startled)*

**EB:** AH....you.....YOU got some explaining to do!

**Prez:** Ellis, my boy....please come in....sit down....*(Ellis just looks at the Prez and continues to stand)*.....or stand if you wish....

**EB:** You want to tell me what's going on? I bust my gut representing the EIWF as its champion all over the world and you want to take the title away from me?

**Prez:** It wasn't my idea, in fact I was against it! It was Davie's idea and Revolution backed him up....I was out voted. I may be the owner but the day to day running of the company is by Revolution.....and Davie to a lesser extent.....it's those two power hungry old dogs you should take it up with....

**EB:** You can strip me of the title all you want, but this actual belt.....if they want it????.....they can come and get it!!!

*(Ellis turns around and walks out, slamming the door behind him as he leaves. The Prez sits back in his chair and lets out a sigh of relief and the camera cuts to Joey Carlton)*

**JC:** Ellis Black, he has a point. He sets out a challenge, who's got the balls to go and take the belt from him for the tournament?? Ok it's time for a quick commercial.

But it's a risk I'm willing to take to get my hands on you. You say the EIWF is dying at my hands, you say that I am the reason the ratings are down.....you want to claim the EIWF is on Life Support with me in charge. Well Hogan you crap pappy, I say your wrong. You're the reason this fed is in the state it's in. You and your bullshit ways. People are fed up of it and fed up with you! I'm sick to my back teeth of your politics, so me and you....in the ring....one on one.....it may be my last ever match.....but I will make it a match to remember.....bring your Legends title and shine it up real good for me.....me and you at the next PPV....that I've called "LIFE SUPPORT".....Hogan....what's your answer????
