Video Tutorial App	Logo	Description
[Explain Everything](#)		Explain Everything is an easy-to-use design, screencasting, and interactive whiteboard tool that lets you annotate, animate, narrate, import, and export almost anything to and from almost anywhere. Create slides, draw in any color, add shapes, add text, and use a laser pointer. Rotate, move, scale, copy, paste, clone, and lock any object added to the stage.
[Doodlecast Pro](#)		Doodlecast Pro is the easiest way to create presentations on your iPad. The app records your voice as you draw to create quick presentations. Doodlecast Pro saves videos to the camera roll making it easy to import them into popular video editors or presentation tools such as iMovie, Keynote, or iBooks Author. Perfect for teachers.
[Replay Note](#)		ReplayNote is an app that records your writing and voice, then converts it to YouTube video. (screencast) You can create a video and share it just by clicking a few buttons.
[Show Me](#)		ShowMe allows you to record voice-over whiteboard tutorials and share them online. It's an amazingly simple app that anyone can use, no matter how young or old!
[Educreations](#)		Educreations turns your iPad into a recordable whiteboard. Creating a great video tutorial is as simple as touching, tapping and talking. Explain a math formula... Create an animated lesson... Add commentary to your photos... Diagram a sports play.

Board Cam Pro		Board Cam transforms your iOS device* in an enhanced document camera or a whiteboard. Perform live dynamic presentations of objects, interact with images stored in your device, draw on a whiteboard or over video streaming** without changing of application.
Screen Chomp		A simple doodling board, markers, and one-click sharing tools make spreading your ideas and know-how easy and fun! Just - Record It. Sketch It. Share It. - to create a sharable, replay-able video that tells your story clearly.
