

Tab 1

Supply List

- A laptop¹: either Windows or Mac (Chromebooks won't work for all of our software needs)
 - While students need technology for their work, we are aware of the challenges of focus with access to the internet. We encourage students to do their homework in a space where others can help keep them accountable (and off of social media, YouTube, and other non-school-related distractions). Some families find applications (e.g., Qustodio, Freedom, Anti Social, SelfControl, Cold Turkey, etc.) helpful to practice restraint and improve focus when working with tech.
- Laptop charger that lives at school (separate from a charger that lives at home!)
- Pencils
- 1 black/blue pen
- 1 colored pen
- 3 highlighters of different colors
- 100 pages of 1/4" graph paper
- Scientific calculator
- Either (choose one):
 - 1 binder (at least 1.5") with 5 pocket dividers OR
 - 1 accordion folder (with at least 5 sections)

¹ If providing your child with a computer, Internet, and/or a printer is not financially possible for you, please email meridian@meridianacademy.org and we will make sure that your child has the resources that they need.
