

# Senior Honor Spotlight – Kelsey Giguere

## **Best Sanborn Memory:**

Sophomore English class as a whole; we did a ton of fun writing projects and I enjoyed my class.

## **Accomplishments:**

Honors with Distinction, HS Choir Vice President

## **Plans After High School:**

After high school, I plan to attend Keene State University to major in history. During my first two years, my main goal is to practice public speaking, become more comfortable talking in a large group setting, and maintain a steady GPA.

By my third and fourth years, I hope to secure at least one or two internships to gain experience working as a tour guide (museum or city guide) or a high school history teacher, then develop a resume to reflect these internships.

Within five years, I hope to graduate college then secure a full-time position as a history teacher or some sort of tour guide.

## **Staff Reflections:**

Kelsey is such an interesting and amazing student! She has a knack for world languages, which goes hand in hand with her knowledge of geography. In addition, Kelsey is a beautiful and insightful writer who understands characters in a way that few are able. Kelsey will shine in college and amaze her professors.

Bonne chance! -Madame Hambucken
