To ensure we provide the highest level of teaching and learning, all student cell phones must be placed in the designated area in each classroom. If a student chooses not to place their phone in the designated area and is later observed with a cell phone during the school day, the student will be considered in violation of the cell phone policy. When students leave the classroom, their cell phones must remain in the designated area. Cell phones are also not permitted in the restrooms due to privacy and security concerns. We all need a break from our cell phones. Creating a school environment where students can disconnect from their devices allows them to focus on learning, engage with their teachers and peers, and be fully present in the classroom. Teachers, paraprofessionals, administrators, and security staff will consistently enforce this protocol. We appreciate your cooperation and commitment to following these expectations.

You are now invited to remove your hat and stand for the Pledge of Allegiance
