

Against The Tide: The coastal communities being claimed by the sea

Link: <https://www.itv.com/watch/news/against-the-tide-the-coastal-communities-being-claimed-by-the-sea/kh1247m>

As you watch this clip, complete this table with as many different points as you can:

Economic losses and impacts of coastal recession	Social losses and impacts of coastal recession
Include reference to: 1. Housing 2. Businesses 3. Agricultural land 4. Infrastructure	Include reference to: 1. Relocation 2. Loss of livelihood 3. Amenity values

Between 1885 and 2001, how much of the coastline at Happisburgh has been lost?

What has happened between 2001 and 2024?

Why can't everywhere along a coastline be protected?

Why do some people argue that, if we'd never defended, we'd be better off?

What are the links between climate change and increased coastal erosion?

What is the term some people use for the people who have lost their homes?

What solutions are discussed to help people who lose their homes to the sea?
