

Initial Appointment Confirmation email for a consultation

Our Treehouse Eyes team at (YOUR THIO PRACTICE) is excited to start improving Patient's first name 's vision for life!

Thank you for making an appointment with Treehouse Eyes. Patient's first name 's appointment is confirmed for <<Patient.Next Appointment Date>> at <<Patient.Next Appointment Time>>.

As a reminder, if possible, please bring the following items to <<Patient.First Name>>'s appointment.

- Patient's first name current glasses and if worn, any contact lens boxes so we can determine the prescription.
- If available, any eyewear or contact lens prescriptions for any siblings or parents who won't be present for the appointment.

We may dilate Patient's first name 's eyes which will cause some reduced reading ability for a few hours. If doing so at this visit is inconvenient, please keep this appointment and we will do this at a later visit.

To allow us to provide better care and make your visit shorter, please complete the following Patient History Form before Patient's first name 's appointment:

<<<Insert link to your patient history form here>>>

Research shows myopia responds better to treatment the earlier it is started. Left untreated, Patient's first name 's vision is likely to continue to deteriorate which can lead to serious eye health consequences like glaucoma and retinal detachments. Knowing it's challenging for both parents to accompany their child to their appointment, we have developed a short video that explains the types of treatment we use to manage myopia. https://www.youtube.com/watch?v=wpP__sbkfSc&t=6s With both parents better informed before this first important visit, we have a higher likelihood of being able to begin Patient's first name 's treatment right away.

While the initial consultation is complimentary, most parents proceed with treatment at this first visit. We accept credit cards, checks, cash and offer financing. You may also be able to use any health care flexible spending account you might have.

Please note there is a \$100 cancellation/missed appointment fee if you cancel with less than 48 hours notice.

We look forward to seeing you and Patient's first name soon. In the meantime, please contact me if I may be of further assistance.

Thank you!
