

How to Sign Up as a Volunteer for the STEM Fair

1. Go to bridge.byu.edu
2. Click “Students and Alumni”
3. Enter your Net Id and password (ALL students automatically have accounts set up)
Once you log in, if you are redirected to a form requesting profile information, fill in any blanks with red asterisks next to them and submit the form. Then you will be able to proceed
4. Hoover over the Events tab in the top right corner, select “Workshops/Volunteering” from the drop down menu.
5. Find the “Keywords” search box, type in your club name (exactly as it appears in the list below these instructions) and hit the enter key.
6. There should now be a few different volunteer positions listed on the page, each with the same name, but a different time slot. (Example: “AIS- STEM Fair Volunteer – Rover”)
7. Find the time that works for you and click the drop down arrow next to “Time Slot*”. Select the time and wait for the page to reload.
8. It should now say “Cancel RSVP” where the drop down used to be.
9. You should receive an email confirmation shortly.
10. You’re all set!

IMPORTANT NOTE:

If you choose a time slot that is listed as 7:00 - 7:45 a.m., you need to be there from 6:45-7:50. The Bridge does not allow us to make a shift earlier than 7:00 a.m.
