FORNEY ISD
INSPIRING STUDENTS THROUGH INNOVATIVE EDUCATION

Forney ISD School Health Advisory Committee

February 12, 2026
4:30pm-5:30pm
OC Academies Cafeteria

SHAC Meeting Minutes

Meeting began at 4:32pm with 11 parents, 6 students, 1 community member and 7 FISD staff members present.

I. Rebekah Blackwood (Chair of SHAC) welcomed all and went over the agenda and introduced Director of Athletics and PE, Kim Oliphant (Coach O)
II. Coach O, presented to the group the standards and district expectations for physical activity and education. Coach O introduced all of the exciting engaging athletic/physical opportunities the district is offering to all grade levels.
III. Erin Moore, PE coach at Wilson ES presented a typical activity that is performed at the elementary level in PE. She invited the group to participate in the activity. The feedback from the SHAC was positive and there was mention to provide parents with some of these activities in a newsletter or parent square communication to participate in them at home. The group discussed the importance of including parents and explaining these “games” to get reinforcement at home through grades k-6.
IV. Sarah Campos (parent), pointed out some specific objectives from the Wellness Plan that need updates to reflect current practices. These are noted for the draft that will be voted for approval at the Feb 26, 2026 meeting.
V. Students in attendance proposed some future activity options such as flag football at the pre high school levels.
VI. Future meetings were discussed with encouragement for all to return as the upcoming meeting will showcase the child nutrition department.

The meeting adjourned at 5:32pm

Presentation from the Meeting can be found by clicking HERE
