STOP RIGHT WHERE YOU ARE!!!

Are you feeling stressed most of the time? At work, at home, on a date in a restaurant with a beautiful chick?

Imagine being at the bar, sitting on a chair and drinking your beer. You see a beautiful chick. Someone that looks like a goddess. Shiny and wavy black hair. Beautiful smile and face. You offer her a drink and go talk to her. Because of all the stress you start to stutter and lose that charismatic/attractive aspect of yours. Just IMAGINE how embarrassing it could be.

Imagine a world with no stress, no pressure, no tension, **NO STUTTERING!!!**
