**Motion (What is the action being requested?):** The region service structure can be formed without an area service structure. Two family groups located within geographic boundaries of a region are enough to form a regional service structure. Therefore make the necessary amendments to the GLS, p. 6-1, section REGIONAL STRUCTURE.

**Remove:**

“The region is comprised of areas located within its geographic boundaries. Approval for the formation of a region rests solely with the groups within the proposed region. There may be multiple regions established in a state, province, or country. The region supports areas and groups by providing opportunities for them to communicate with each other, acting on behalf of their common interest and encouraging growth of the fellowship. The structure consists of the regional service committee (RSC) and the regional service assembly (hereafter assembly).”
