Comments/Suggestions In Google Documents

These are a few Tools to use as a commenter in a Google Doc.

- **To insert any of the Tools first highlight the text you wish to advise.**

Make a Comment = make a side comment about a specific point in the document. Can only access in Edit mode. To comment highlight a piece of text and click the 	iting assignment. 
Make a Suggestion = This gives the owner the option to accept (✅),or reject (❎) the suggestion. To Suggest highlight text and click 	writing assignment . 
Add a Comment from (comment bank). = A comment bank has to be created, but once created it can be very helpful. Can only access in Edit mode. Insert **#** and you now have access to your pre-created bank. *Only available in G-Classroom!!*	vill most likely
