

## Proyecto U2L2: La clase de \_\_\_\_\_

You are going to make a comic / booklet about one class. It can be about your class or somebody else's class.

In the text, please include:

- time (written with words)
- numbers (written with words)
- activities you do in that class
- where the class is
- what the teacher or the students are like in this class
- some things you or the person you write about like or don't like about that class
- "hay" = there is/there are

You may use the texts from the book and/or the texts we have written together as a starting point, but please do not copy. No translation tools please! (google translate or spanishdict to translate whole sentences or paragraphs)

You will illustrate and color the booklet, and read it out loud to me.

### Grading rubric

Illustrations, colored    1    2

Pronunciation            1    2    3    4

Written portion, grammar and spelling, details            1    2    3    4
